**“Time for lunch, George!”  
calls the man with the yellow hat.**

**George runs inside the house to eat.**

**But before George touches his food, he has to wash the germs off his hands.**

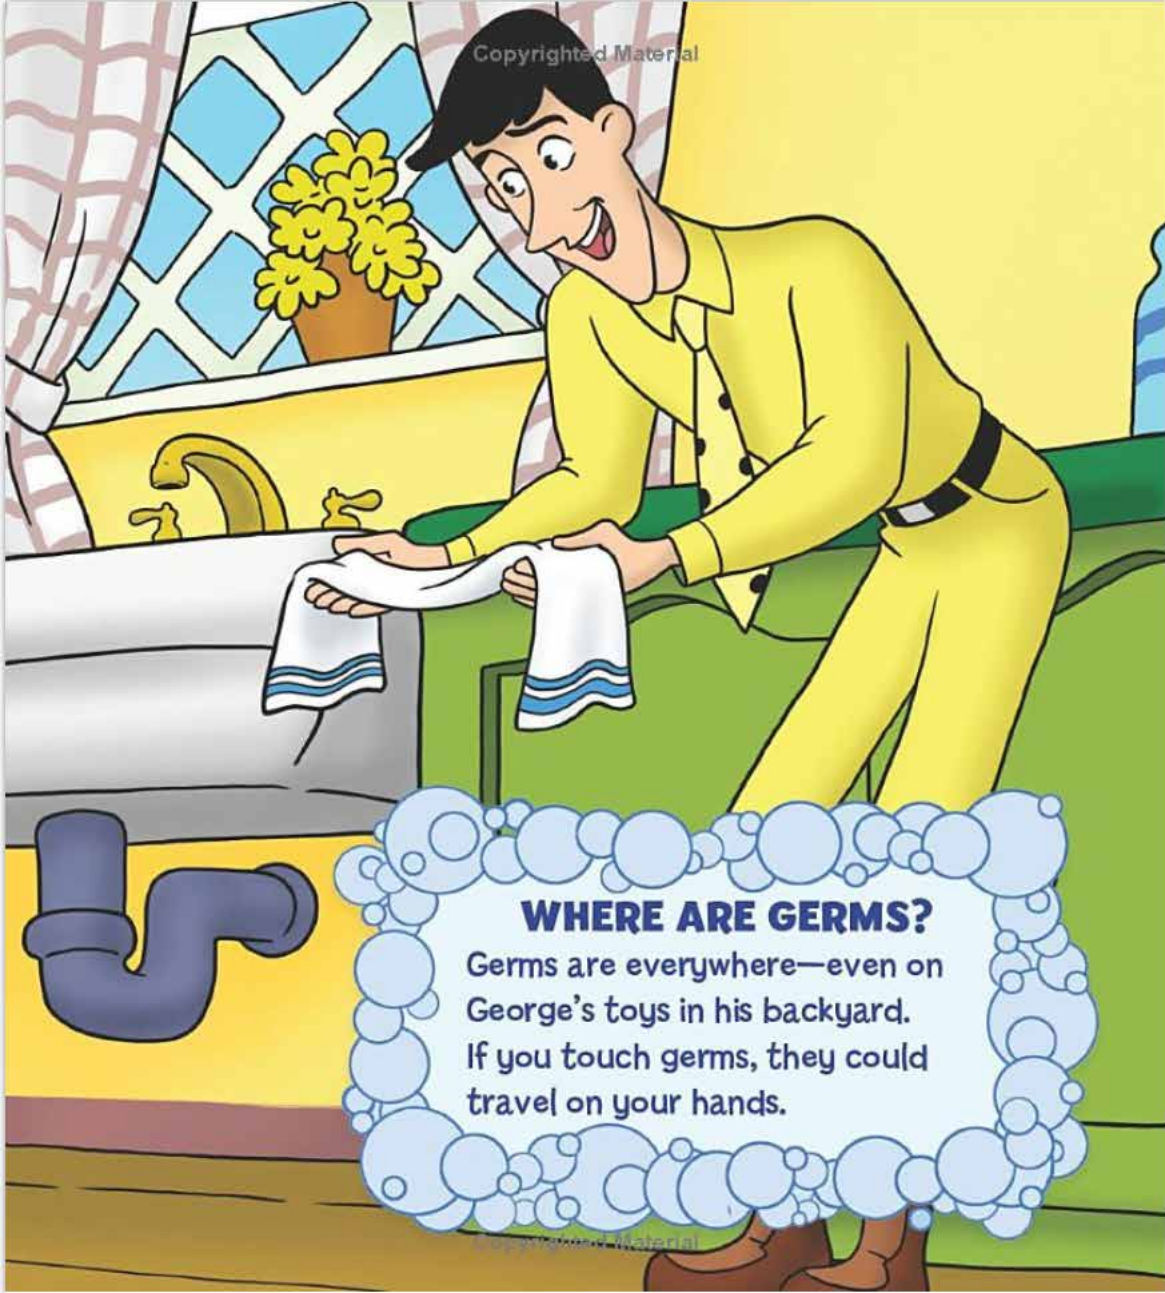

### **WHAT ARE GERMS?**

Germs are teeny tiny living things that we can't see with our eyes. Good germs help your body, while bad germs can make you sick.

**“Good thinking, George. There may have been bad germs on the toys outside,” says the man.**

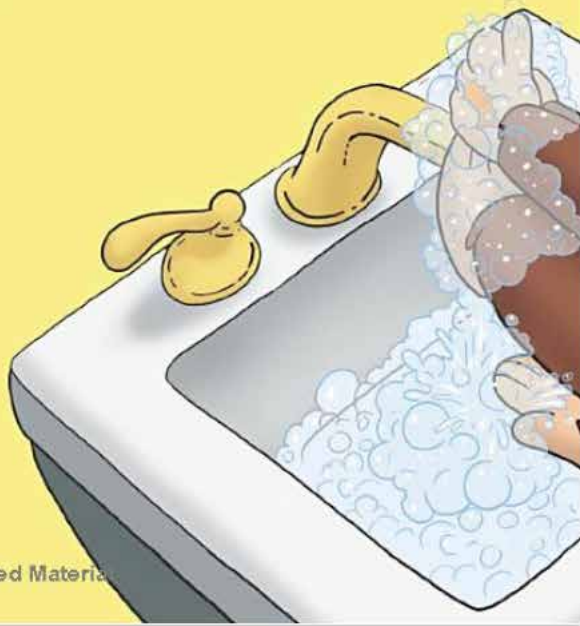

## WHERE ARE GERMS?

Germs are everywhere—even on George's toys in his backyard. If you touch germs, they could travel on your hands.

**George washes his hands in the sink . . .**

**. . . and his feet,  
too, because he  
is a monkey!**

## HOW TO WASH YOUR HANDS

**1.** Turn on the warm water to wet your hands.

**2.** Rub soap between your palms to make it lather.

**3.** Then scrub your palms and the backs of your hands.

**4.** Scrub between your fingers, under your fingernails, and around your thumbs.

**5.** Rinse your hands until all the soap is gone.

**George hums while he scrubs  
his hands with soap.**

**SING A SONG!**

George hums "Happy Birthday" twice while he washes his hands—that's how he knows his hands are clean.
