Construction Site Mission: Demolition!

SHERRI DUSKEY RINER AND AS FORD

When a building's old and crumbling,
See big trucks all roll up, rumbling—
The sign says "Danger! Stop! Keep Out!"
But Bulldozer gives a thunderous shout.

Gets open wide, the trucks roll in,
They're moved and ready to begin!

Mighty Mackled joins the crew—
she brings Skid Steer and lumber, too!

That rocky building has to GO!
They'll wreck it, rip it, blow-by-blow.
They can't wait to get under way.
This is DEMOLITION DAY!

Crane Truck, standing firm and tall,
swings a giant wrecking ball.

His aim is steady, sure, and straight—
he hits his target with the weight.
