However, by sheer coincidence, the daughter he selects from an orphanage is secretly a telepath! Also, the woman who agrees to be in a sham marriage with him is secretly an assassin! While concealing their true identities from one another, the three now find themselves living together as a family.

After working independently to thwart an attack from assassins aboard a luxury cruise, the Forger family deepen their bonds during a day trip on an island resort. But when Anya goes back to school, she fails a surprise inspection from Mistress Schlag, due to having loaned Damian her only handkerchief. Anya is punished with a second tonitrus bolt.
