She's got the plains and the deserts in her hands,
She's got the plains and the deserts in her hands,

She's got the plains and the deserts in her hands,
She's got the whole world in her hands!

She's got the fish of the sea in her hands,

She's got the fish of the sea in her hands,

She's got the fish of the sea in her hands,

She's got the whole world in her hands!
